On August 12th, 2015 shortly after the signature of an important cooperation Protocol between the City of Lugano and the Political Authorities of the Jiangxi Province, another important event for the development of the international economic activities of the City of Lugano took place: the official visit to the Political Authorities of the City of Lugano by the Main Delegation of the Chinese Embassy in Switzerland.

The highest Chinese authority in Switzerland, led by the Extraordinary and Plenipotentiary Ambassador of the People's Republic of China in the Swiss Confederation, Mrs. Xu Jinghu, accompanied by the former General Ambassador of China, Mr. Gao Yuchen, made their official visit to the Municipality of Lugano and expressed their firm intention to contribute with strategic political actions, to a concrete development of the trade relations between the economic District of Lugano and the political and economic players of the different Chinese Provinces.

The presence of two figures of highest political standing within the same Delegation is an unusual event, and we believe it bodes well for a more intense economic and cultural exchange between Switzerland and the Asian Giant. As Advisor of the City of Lugano, Financial Technologies continues its specialist and strategic mediation.
