

## TECHNOLOGIES FOR THE ENVIRONMENTAL PROTECTION

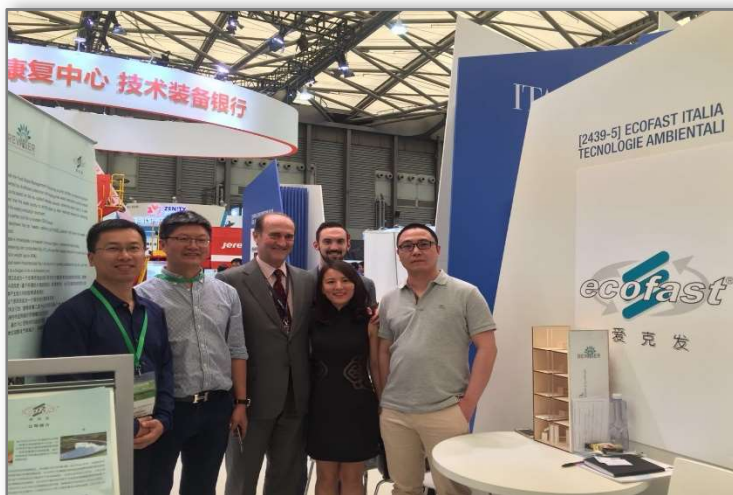

# PRESS RELEASE

### Ecofast Italia Srl signs a distribution agreement with the Chinese company Suzhou Enhuanment Environmental Protection Science & Technology Co., Ltd.

Shanghai, May 3<sup>rd</sup> 2018 – Ecofast Italia Srl (ECOFAST), an Italian company specialized in developing innovative technologies for shredding and collection of food waste (Food Waste Disposals), both in professional and domestic field, has signed a distribution agreement with the Chinese company Suzhou Enhuanment Environmental Protection Science & Technology Co., Ltd. (SEEPSC).

The new Partnership aims at introducing ECOFAST branded products and proprietary technologies to the rapidly growing residential segment on the Chinese market, having ECOFAST developed over the years distinctive skills in the professional kitchen segment.

Financial Technologies Group, through its operating units based in Switzerland and China, acted as Global Advisor to ECOFAST, taking care of both the identification of the Chinese Partner and the organization of all activities preliminary to the contractual Signing.

Cindy Xie, *Managing Director* of Financial Technologies Shanghai, with the Executives of ECOFAST and SEEPSC

Thank you for your kind attention and best regards.
